Product.

8P AISG Female Connector

Prod No.

FCCC-1097F

Information:

- Other Details

- Conform to IEC 61076-2-106 Standard
- Torque screwdriver usable
- For indoor and outdoor use
- Mechanical operation: 500 mating cycles.
- IP67 protection
- Available in male or female types
- The connector should be tightened by hand or by special torque screwdriver
- Compliant RoHS

- Technical Specification

Item	DATA
Connector	8P AISG Female
Connector Description	8 Pins Straight Female Connector for AISG RET Control Cable
Material and Plating	
Center contact	Phosphor Bronze -Silver plated
Body	Brass Plated Tri-metal
Insulator	PTFE
Electrical Characteristics	
Contact resistance	5 mΩ(Max)
Rated voltage	300V
Rated current	4 A (power supply) (at 50 °C air temperature)

Environmental and Mechanical Specifications

Working Temperature Range	-40~+80
Mating cycles	≥500 times
Protection class	IP 67
Standards	IEC 61076-2-106

Dimensions mm
